The material contained in PR-N2011-1-NP1 and PR-N2011-1-NP2 consists of detailed information regarding Postal Service facilities nationwide, specifically those identified by the RAOI study and subject to discontinuance. A great deal of this material was provided by the Postal Service in non-public library references to the Public Representatives pursuant to the Commission's direction in Order No. 778. The Postal Service requested that the information be treated as confidential by the Public Representatives. In order to obtain prompt access to the information, the Public Representatives agreed to treat the information as confidential. Consistent with that agreement, the Public Representative is filing the information as a non-public annex. In doing so, the Public Representatives make no representation that the information being filed is entitled to confidential treatment.

Respectfully Submitted,
